**Baton Rouge, Louisiana:** Grief Recovery Center (GRCBR) is committed to ensuring that our community members have the crucial emotional support needed while following mandates regarding the COVID-19 (coronavirus) crisis. GRCBR provides emotional support through counseling to children, adults, families and couples. Telehealth sessions ARE NOW AVAILABLE for new and existing clients.

Grief Recovery Center therapists provide counseling services to those coping with a wide range of mental health needs, including but not limited to grief needs. Frequently grief is thought to be only associated with death, but individuals can experience grief when coping with other life events including:

- Any event that changes your life in a substantial way (including the effects of the current COVID-19 pandemic)
- Traumatic events - whether from nature, accident, or crime
- Divorce or Breakup
- Miscarriage or Infertility
- Job Loss or Move
- Diagnosis of a Chronic Illness or Disability
- Being a caregiver for a family member

GRCBR currently offers two remote options through Zoom Healthcare: phone sessions or video-conferencing (similar to FaceTime). Remote appointments are held through a secure HIPAA compliant platform. We have multiple resources available to assist individuals in setting up telehealth sessions. To schedule, call us at (225) 924-6621.

GRCBR accepts most insurances, including Medicaid and Medicare. We also have a donor-funded grant program to help offset fees for individuals who have no insurance or cannot afford costly co-pays and deductibles. ***No one is ever turned away for their inability to pay.***

The GRCBR office is currently closed to the public, and all in-person support groups have been suspended until further notice.

For GRCBR updates on this rapidly changing situation, please visit our website at [www.grcbr.org](http://www.grcbr.org) or [Facebook](https://www.facebook.com/griefrecoverybatonrouge) @griefrecoverybatonrouge.
